ABOUT THIS DOCUMENT

This brand guidelines document defines the visual identity and communication standards for AZ Laundry Service. All marketing materials, digital assets, and communications should follow these guidelines to maintain a consistent, recognizable brand across every touchpoint.

01

Our Brand

AZ Laundry Service is a pickup-and-delivery laundry service built for college students in the Tempe and Scottsdale area. We make laundry disappear so students can focus on what actually matters — studying, socializing, and surviving college. No subscriptions, no hassle, no trips to the laundromat.

Simple

No subscriptions. No long-term commitments. Text Dave, we pick it up, we bring it back. That's it.

Affordable

$1.50/lb with a $20 minimum. 50% off your first order. Built for a student budget.

Fast

48-hour turnaround. Free pickup and delivery. Your laundry comes back clean, folded, and ready.

Local

Arizona-based, ASU-adjacent, and run by real people. Not a faceless corporate laundry app.

TARGET AUDIENCE

ASU college students aged 18–24 in Tempe and Scottsdale, Arizona. Our brand voice speaks to them like a peer — casual, direct, and no-nonsense. We never sound corporate or overly polished.

02

Logo — Primary Marks

Our logo features a maroon shield with a delivery van, laundry bag, washing machine porthole, Arizona sun rays, cactus, and stars. The wordmark reads "AZ LAUNDRY SERVICE" with the website URL. The logo is available in several configurations for different uses.

Primary Logo — Light Background

Full-color version for white or light surfaces. Default choice.

Primary Logo — Dark Background

White/gold text version for dark or maroon surfaces.

Icon Mark — Shield Only

Favicons, app icons, social avatars, small spaces.

Icon Mark — On Brand Maroon

Shield on the primary maroon background.

Preferred logo: Always use the **full-color version on light backgrounds** (top left) as the default. Only use the dark background version when the surface is dark or when contrast requires it. Use the shield icon only when space is too small for the full wordmark.

03

Logo Usage & Clear Space

Maintain clear space around the logo equal to the height of the "AZ" text in the wordmark. This ensures the logo is always legible and never crowded by other elements.

X = height of "AZ" lettering in the wordmark. Maintain this minimum space on all sides.

MINIMUM SIZES

Full Logo: min 1.5 inches wide (print) / 150px (digital)

Icon: min 0.35 inches (print) / 32px (digital)
